Outdoor Living, Redefined

Outdoor spaces have become an extension of the home, serving as places to gather, entertain, relax, and connect. They shape how we spend our time, how we host, and how we experience everyday life.

NorthHaven creates contemporary outdoor living through timeless design, lasting quality, elevated comfort, and sustainable innovation. Built on decades of craftsmanship and outdoor furniture expertise, our collections bring beauty, functionality, and enduring performance to spaces that feel warm, refined, and effortlessly livable.

Crafted from recycled materials and engineered for everyday life, each piece balances refined aesthetics, exceptional comfort, and long-term durability. The result is outdoor furniture designed to perform beautifully through every season.

We believe design should feel timeless rather than trend-driven, quality should last for decades rather than seasons, and outdoor spaces should be every bit as comfortable, welcoming, and thoughtfully designed as the spaces inside the home.
